

**REMARKS**

The title is amended to be in conformance with the translation of the International Application.

The specification is amended in accordance with 37 CFR §1.78 to make reference to the International Application from which this application originates and to incorporate by reference the Japanese priority application. The specification has been amended to more clearly describe the subject matter that Applicants regard as their invention. No new matter has been added.

The claims have been amended to remove multiple dependencies and to more clearly claim the present invention. The amendment is made in part to reduce filing fees and not for any other reason related to patentability of such claims. No new matter is added by this amendment.

The claim fee was calculated based on the amended claims above. Please examine the application in view of the amendment set forth above.

Dated: April 18, 2005

Respectfully submitted,
